Dear Harvinder

Mediation

I wish to thank you for your service when you acted as Mediator in a dispute that arose between the costs that were incurred in the preparation of a case which later became a disputed matter before the Court whereupon the Client was refusing to pay his costs and was making further counter-allegations.

It was clear that neither party could come to an agreement in this case and the matter proceeded to litigation.

However, in an attempt to avoid a Court Hearing all parties agreed to this matter being referred to you for mediation.

Following the mediation a compromised settlement was reached that suited all parties.

I thank you for exhibiting your Mediation skills in this case and am satisfied that had it not been for the expertise that you showed throughout the Mediation process then this matter may well have not been resolved and may have continued to an expensive hearing. The Mediation process hopefully has avoided this.

We once again thank you for your assistance.

Yours sincerely

Patrick Currie
